Gutenix is a free multipurpose WordPress theme, it is a lightweight and ready-to-go solution for both developers and beginners. The WordPress theme contains starter sites with pre-built pages for any kind of a website: from portfolios and blogs to large online stores and news resources. Gutenix is Elementor, Gutenberg and Brizy optimized. Starter sites powered up with the WordPress blocks collection for free. Every Gutenix skin offers users to get the advantage of 5 blog post layouts (Standard Post; Video Post; Gallery Post; Quote Post; Link Post; Audio Post) + 8 header layouts. The included Live Customizer opens up unlimited color & design & typography options. Gutenix is both superfast (95-96% according to Google Speed Insights) and highly flexible in terms of its design, it's SEO-optimized and fully-responsive. It comes ready for retina displays, translation, and WooCommerce. More information on Gutenix is here – <https://gutenix.com/>
